WHAT'S NEW

COABC Conference 2012

SAVE the date! February 24-26, 2012

Planning for the 2012 conference is underway. The Chilliwack Best Western will host the event and we will have the opportunity to explore the beautiful Fraser Valley.

The conference coordinators (a team this year) have been hired. Peter Leblanc and Andrea Lawseth will work together to create an exciting conference for 2012. Peter and Andrea are well connected in the food community in the Lower Mainland and have worked together on many projects including the Surrey Urban Farmers Market. COABC extends a warm welcome them! One of the first tasks will be indentifying speakers. If you have suggestions for conference speakers please email them to admin@certifiedorganic.bc.ca.

National Organic Week

October 15-22 has been announced as National Organic week. It is scheduled to overlap with World Food Day. COABC will be participating on the National Committee again this year to plan events and promotional materials. The committee is open to ideas and suggestions.

While there will be a National program for Organic week, planning a smaller celebration in your own community can be a great way to connect to your neighbours and raise the awareness about organic food on a local level. The COABC is able to provide promotional material to our members who coordinate activities in conjunction with National Organics Week. So start planning in your community event now.

BC CERTIFIED ORGANIC CHECKMARK AND THE CANADA ORGANIC LOGO

The COABC promotions committee is reminding all members that using the BC Certified Organic Checkmark to identify your product will help consumers recognize it as certified organic.

ISO operators are fortunate to be able to use the Canada Organic label AND the BC Checkmark side by side. Because the Checkmark logo includes the words "certified organic" and is approved by the CFIA, ISO operators can use it to help consumers recognize their certified status.

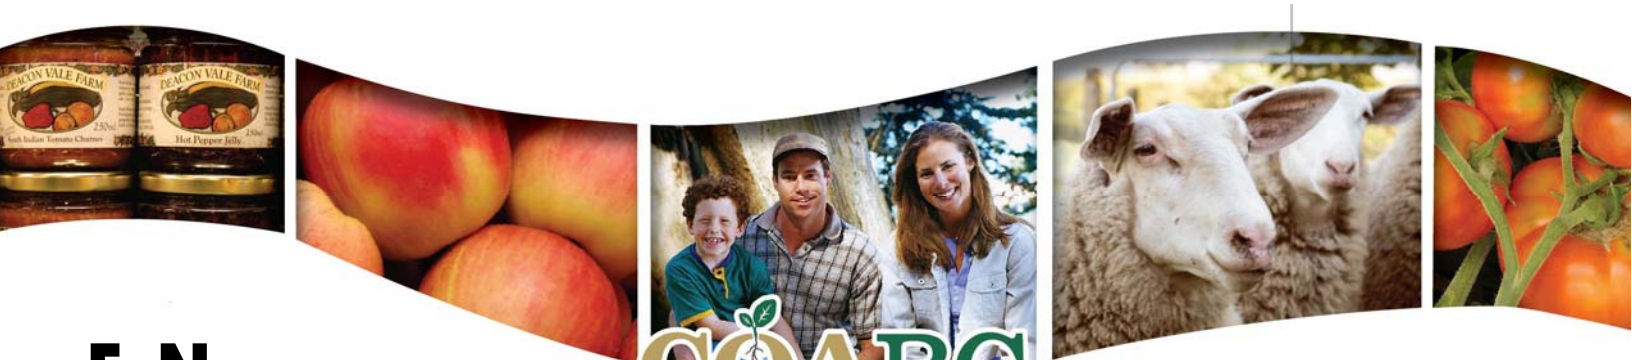

The Edible Vancouver Summer issue has sold out but spots are now available for the Fall issue. This issue will continue the COABC story and include the introduction of the Canada Organic Logo. If you would like to take advantage of this affordable advertising opportunity, please contact coabcpromo@gmail.com.

BC CERTIFIED ORGANIC CHECKMARK LOGO

The logo of the BC Certified Organic program is a key tool to identify certified organic products in BC. It is important that the symbol is used correctly; here is a quick reminder, especially for websites and the exclusion zone (white space.) The Program Symbol is enclosed by a black border. The border ensures that the appropriate white space or exclusion zone is provided around the composite mark. The Program Symbol must be enclosed by the border if the Symbol is applied against colored or complex backgrounds. However, if the background is white or off-white, it may be desirable to omit the border while ensuring the appropriate exclusion zone.

“WHAT IS ORGANIC FARMING?” BOOKLET NOW AVAILABLE ONLINE

Are you familiar with the green “What is Organic Farming” booklet? The booklet is now available on our website as a downloadable resource. On the Education page under the Marketing Toolkit tab there are a number of tools and resources available to help members.

COMPLAINTS SUBMISSION FORM

Canada Organic Office complaint submission form can be found at <http://www.certifiedorganic.bc.ca/programs/cor.php>. For complaints against an interprovincial traded product see the COO complaint form at <http://certifiedorganic.bc.ca/programs/cor.php>

Complaints on this form are to be directed to the Canada Organic Office directly OPR.RPB@inspection.gc.ca.
